## ERC Loans

Loans may be provided to finance the cost of materials and labor (unless the member does the labor themselves) for:

Caulking	Weather-stripping	Ceiling insulation
Floor insulation	Wall insulation	Duct insulation
Pipe insulation	Storm windows	Water heater insulation
Thermal windows	Clock thermostats	Storm or thermal doors
Water heaters	Attic ventilation fans	Heat pump systems

**7 year loans at 5% are available to qualified installations.**

---

ERC loans are available for central heating or central air conditioning system replacements and modifications which reduce oil or gas consumption. Ceiling on standard loans is \$5,000 at 3% up to five years.

---

Up to \$10,000 loan for 7 years at 3% interest for ground source heat pumps based on size:

Three ton	\$6,500	Five ton	\$8,800
Four ton	\$7,500	Six ton	\$10,000

---

Grain dryer installations are eligible for a 5 year loan at 3% interest up to \$5,000.
